

PLEASE DO NOT BURN STORM DEBRIS FOLLOWING HURRICANE ISAIAS

The City of Gulf Breeze is asking all residents to refrain from burning yard debris, including fallen branches, leaves, and other vegetation.

Burning debris can create dangerous conditions, including the risk of fires spreading to nearby homes, properties, and wooded areas.

HOW TO PROPERLY STAGE YARD DEBRIS

DO:

Place branches, limbs, leaves, and other vegetative debris in a separate pile near the curb for collection.

Keep debris on your property near the roadway, but do not place it in the street or block sidewalks.

Keep debris away from fire hydrants, mailboxes, utility poles, water meters, and storm drains.

Avoid placing debris under power lines or near low-hanging wires.

Keep vegetative debris separate from household garbage, construction materials, and other nonvegetative waste.

Do not place debris in bags unless specifically instructed by the City's collection provider.

DO NOT:

DO NOT PLACE IN THE STREET

DO NOT BLOCK SIDEWALKS

**DO NOT BLOCK FIRE HYDRANTS
OR UTILITY EQUIPMENT**

**DO NOT PLACE UNDER
POWER LINES**

KEEP EMERGENCY ACCESS CLEAR

Please ensure roadways, driveways, and fire hydrants remain accessible to emergency personnel and cleanup crews.

*Stay Safe,
Gulf Breeze!*
